• FORMAL FEBRUARY rush season will officially begin with "Open House" teas to be held in Sorority Halls Sunday, February 4, from 4 to 7 p. m. The rotation system, in which groups of rushees are assigned certain sorority apartments to visit at certain times, will again be in use.

Registration for rushing will be held during University registration in the Hall of Government January 31 and February 1, from 12 noon to 7 p. m., and in Sorority Hall, 2129 G Street, February 4, from 3:30 to 4:30 p. m. Each sorority will give two formal parties during the rush period and have been assigned certain nights for them. These parties must be held in the sorority apartments and the hours are 8:30 p. m. to 10 p. m. Silence begins at 10:30 p. m. each night and lasts until 9 next morning. ## Murdock Conducts Lecture Series In Havana, Cuba

• JAMES OLIVER Murdock, Professor of Law at the University, delivered a series of lectures on International Justice and the Organization of a System of International Courts in Havana, Cuba, last week. The lectures were given at the meeting of the Inter-American Academy of Comparative and International Law.

Professor Murdock is a former legal advisor of the Department of State and took part in several arbitration cases. His bulletin, *International Justice*, has been published in the January issue of the University's bulletin, "Confidential—From Washington."

He will return to the University this week.

## Eviction Date Set

• FINAL DEADLINE for removal by property owners and tenants from the buildings located on the site of the new University hospital has been set for February 2 by District Court.

The extension was granted to afford residents more time for securing suitable living accommodations elsewhere. It was pointed out by the Court that this extension will be the last given and that wrecking will begin after the February 2 deadline.

## ADPi Leads Drive

• ALPHA DELTA PI Sorority, which is in charge of the paper salvage drive of the University, has asked undergraduates to turn over old examination papers and other surplus class notes to the salvage drive at the University.

Miss Louise Shaffer, agent for the Sorority and the salvage drive, announced that receptacles are being placed in the University Dormitories and in the Student club to encourage the collections.

## Marvin States Forum Series Will Continue

• INAUGURATING a new policy of student participation in University administration, President Cloyd H. Marvin stated that the forum last Monday night would be the first in a series of such administration-student conferences.

The next forum will be held during the spring term to consider the question of bringing back a Department of Sociology. Pros and cons of the question will be discussed realistically.

These discussion groups are expected to bring out students' views on present and postwar problems confronting the University, and to give the students an active voice and a chance to contribute to University administration.

Last Monday's conference was called to discuss the advisability of the University's return to intercollegiate sports. Nineteen students, including all Student Council members, discussed the problem with President Marvin, Mr. William Myers and Dr. B. L. Jarman.

## Campus Beauties Are Entered In National Contest

• THREE UNIVERSITY beauty queens were again in the limelight as the Student Council entered them in a nation-wide Pin-Up Girl contest sponsored by the Lambda Mu Phi fraternity at the College of the Pacific.

Photographs were sent to the California school of Mera Riddell, who was voted "Liberty Belle" by Phi Sigma Kappa; Mary Whittlesey, Cherry Tree Beauty Queen; and of Jane Moran, voted by the veterans as "the girl the boys come back to." Results will be announced some time in March after pictures are sent in by various colleges all over the country.

## Parts For "Roberta" Still Open

**Wanted—Dancers, Models, Singers, For New Musical**

• MANY PARTS in "Roberta" are yet to be cast in spite of a very successful turnout of aspirants last Thursday, advised Floyd L. Sparks, Cue and Curtain director. Mr. Sparks also announced that all others interested in trying for roles contact him as soon as possible. There will be no rehearsals until after final examinations.

"Roberta" has a total of 42 speaking roles, with approximately 25 non-speaking parts for dancers, models, and actors. One-half of the speaking roles are male.

The third major production of the season, "Roberta," is scheduled for Lisner Auditorium on Friday, March 16. One of the hit musicals of a few seasons ago, it features such songs as "You're Devastating," "Smoke Gets in Your Eyes," "Yesterdays," "The Touch of Your Hand" and "Let's Begin." This production will be one of the few times that a non-professional group has attempted this show.

Holders of season subscriptions should turn in their Number 3 stubs and state seat preference for the coming show, at the Box Office, Lisner Auditorium, 21st and H Street, N.W.

According to Ann Ringwalt, Cue and Curtain Workshop Manager, tryouts for the Workshop plays for February 25, will be held on Thursday, February 1, in Studio B of the Auditorium at 8:00 p. m. The Workshop plays are under the management and direction of University students featuring University talent, and are for the development of acting and directing techniques. The coming plays will be directed by Gerry Lock, Harriet Hulfish, and Sol Pargament.

## Pre-Register Now

• PRE-REGISTRATION, which began yesterday, will continue for both University and Law students until January 26. Regular registration will be held January 31 to February 1, from 12 to 7 p. m. in Hall of Government.

The Registrar's Office in Building G will be open from 12 to 7 p. m., Monday through Friday for all University students. Dean William C. Van Vleck said that all law students may register in his office in Stockton Hall at the same hours.

## "No Sports Yet," Myers Decides; Ineligibility Cited

### Student Club Will House Book Exchange

• FOR THE NEXT semester, the Student Book Exchange will be located in the Student Club instead of the basement of Building B, according to announcement by Co-directors Mervin Martin and Edwina Rothgeb.

Asking for any books which students wish to sell, the directors announced that the exchange will be open from Monday, January 22, to Friday, January 26, for the purpose of receiving books. Hours will be posted at the place of the exchange.

Established by the Student Council for the purpose of helping the students to buy and sell books, the Book Exchange is run on a co-operative basis. Students may leave their books for sale and call again, at a date to be announced, to receive their money or their books.

Co-director Martin gave the following list of books, which are badly needed: "Writer's Guide and Index to English" (Perrin); "The American Nation" (Hicks); "American Government" (West); "The Quest for Wisdom" (Garnett); "Shakespeare" (Kittredge); "Economics: Principles and Problems" (Gemmill and Blodgett); and "Principles of Effective Speaking" (Sandford and Yeager).

## Free Lodgings Are Available To Servicemen

• FREE WEEK-END lodgings for transient servicemen are now available under the auspices of the War Hospitality Committee in conjunction with the University, who granted the use of the former "G" Street parking lot for this purpose. It was announced.

The temporary T-shaped buildings have been completed, and will provide sleeping quarters for at least 250 people. These two one-story buildings were brought from Baltimore by the Federal Works Agency who financed the project.

The former "G" Street parking lot, between 23rd and 24th Streets, was given to the University for a gymnasium, the building of which has been postponed for the duration.

### Decision Made by Athletic Staff After Conference

• ANNOUNCEMENT THAT THIS University would not enter a team in Southern Conference Basketball competition came late last night from William Myers, University Athletic Director.

The decision, made after almost a month of active agitation by the student body, was reached after a week of strenuous effort on the part of the faculty to investigate the possibilities of a schedule, eligibility of players and availability of a gym.

Two insurmountable difficulties facing the Athletic Department were responsible for the final decision. Inability of other schools in the Conference to schedule the University this late in the season, and a lack of sufficient eligible men to form a suitable squad were listed as the main reasons.

President Marvin, who was out of town during the past week, had asked Myers to attempt to arrange a tentative schedule and had instructed the Committee on Eligibility to ascertain the status of the men who had signed up for the proposed basketball squad.

Upon returning he received the reports of these committees and then turned the responsibility for the decision over to Myers and Arthur Zahn, the proposed coach.

The entire situation came as the direct result of a student petition containing approximately 2,000 names, requesting that the University return to Inter-Collegiate Sports at the earliest possible time.

Formation of a student committee came next, with every major organization, on campus placing a representative on the committee and the appointment of Mervin Lewis, Hatchet Sports Editor, as committee chairman.

Approaching the President of the University, the President of the Alumni Association, the Chairman of the Board of Trustees Committee on Extracurricular Activities and the Adviser to the President on Athletics, the committee made its position clear, enlisting their aid and support in the reaching of a final decision.

## KKG Will Sponsor New Blood Drives, Williams Chairman

• KAPPA KAPPA GAMMA will sponsor the new blood drive, starting January 24. The sorority will succeed WAA, who, under the direction of Cam Lundberg, sponsored the drive the past semester. Florence Williams will be the new chairman.

Virginia Nalls, president of the COGS, also disclosed plans for a War Activities Council for next semester. Each sorority will be invited to send a delegate.

Points earned by students during this semester are being totaled and those having a sufficient number to become a regular member will be notified by mail or telephone before the new semester begins.

## Faculty Increases

• PRESIDENT Cloyd H. Marvin announced yesterday the appointment of four new members to the University faculty for the 1945 period.

Dr. Ramon Alcerro-Castro was appointed Clinical Instructor in Neurology, and Mrs. Forrest Poorman, Instructor in Physical Education for Women. Mr. Edmund Douglas Schreiner was appointed Associate in Electrical Engineering and Mr. Sarkis M. Bagdoyan, Associate in Civil Engineering.

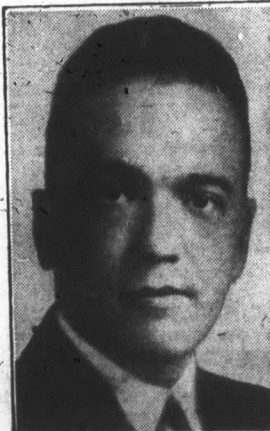

## Law Enforcement as Career is Advocated By Alumnus J. Edgar Hoover, FBI Chief

### Points to Necessity Of Internal Safety

• J. EDGAR HOOVER, Director of the Federal Bureau of Investigation, U. S. Department of Justice, in a message to the students of the University, expressed the hope that some of the students will interest themselves in law enforcement and the protection of the internal national security, from the standpoint of turning to this "rapidly developing" field in which to make a career.

The transition of law enforcement as a profession from the "flatfoot" or "copper" stage is one of the major accomplishments of the Federal Bureau of Investigation under Mr. Hoover, who received his LL.B., LL.M., and honorary LL.D. degrees from the University, and who at present is also a trustee of the University.

Law enforcement, now a scientific profession which employs technical experts and instruments of science, as opposed to the "wire-tapping" and "third degree" era, brought with it the need for

J. EDGAR HOOVER

trained and educated personnel in the police field.

"Carefully selected and with

backgrounds of law and accounting, our Special Agents are painstakingly trained for their investigative responsibilities," stated Mr. Hoover, who has also encouraged the clerical help in his bureau to take advantage of educational facilities in this city. He is very proud of the record, that at least 75 per cent of the male clerks in the FBI were attending some class before the war.

"In wartime and in peace, there is no finer calling than the protection of our country from the forces of lawlessness and tyranny," said Mr. Hoover.

When Mr. Hoover maintained that "scores of other George Washington students have served their country with credit in the ranks of the FBI," he may have been referring to his assistant, Clyde A. Tolson and four Assistant Directors, Hugh H. Clegg, Milton Ladd, Louis B. Nichols, and Stanley J. Tracy, who are graduates of the University.

## Tough Situation

• WE HONESTLY THOUGHT, until late last night, that it would be both possible and advisable for the University to again enter a basketball team in the Southern Conference. But after viewing the situation from the University's viewpoint, and the results of Bill Myers' efforts to obtain a schedule, we stand convinced. It would definitely be unwise and impractical to put a basketball team on the floor this year. We don't have the men or the schedule.

The results of this campaign on the part of the student body leave us with one very firm conviction, though. We are faced with a tough situation.

This decision does not put an end to the problem. It will have to be faced again—how soon we cannot tell. But we do know that as soon as war conditions permit, this University and most of the other Colleges and Universities in the country will have to face exactly what we have gone through this past month. It is inevitable.

Therefore, let us learn a lesson from this. Let us use this as experience to guide us in our wartime and post-war planning. We cannot re-enter the sports picture unless we spend months in preparing. Capable athletes must be attending the University, and be eligible, and arrangements for a schedule must be made well in advance of the season. The decision to return to sports must be made so far in advance as to entice qualified material to attend the University, and become eligible before the first practice is called.

It is indeed a wise man who is capable of using past experience as a guide to a better performance in the future.

## Progressive

• ONE OF THE MOST PROGRESSIVE steps in student-administration relations, one that should bring shouts of praise from educators and administrators throughout the nation, has just been achieved on this campus.

A greater step than that which brought to the student body uncontrolled student government, a move which places student interest and participation on a higher plane, a series of student-administration conferences on current and post-war problems designed to give both a chance to see how the other half lives.

We are proud and flattered to feel that our viewpoints, and the opinions of all the campus leaders, have been solicited. Those of us who are active in student affairs have come to know and feel deep concern for the affairs and plans of the University and its Administration. We shall be glad to help, to have an opportunity to render advice and present the student view.

## So Long Ago

• AWAY, "WAY BACK IN THE ages dark, in fact the afternoon that we attended a meeting of the Publications Committee at which were also present President Marvin, Lester Smith, Lois Smith and Joe Toomey, the problem of the Cherry Tree was first discussed. At that time also President Marvin asked about the errors of omission and commission of the Publications Committee.

During the course of the discussion, the President asked about the possibilities of having a University Bulletin. Such a bulletin was to contain notices of meetings, dances, forums, plays, etc.; in short, a University Calendar of coming events.

He appointed a committee to survey the situation, to examine costs, distribution, gathering of news, and any other data pertinent to the problem. He appointed this committee in the second week of October, 1944, almost three whole months ago.

To date nothing has been done. Not only has the committee been as inactive as a setting hen, but nobody seems to know who was appointed to the committee. On second thought, we'll qualify that last statement... nobody we have asked seems to know the composition of the entire committee.

The idea is one of the best we have heard yet. In our own small way we try to carry notices of coming events, we even carry a calendar to augment our news stories. But there are too many meetings that we either never hear about, or that simply do not warrant news stories, and which we could only carry to the detriment of our news coverage because of limited space.

Somebody had better get on the ball, and we suggest that the two Smiths, Lester of the Alumni Association and Lois of the Student Council, who were appointed to that committee, are just the ones to do it.

## Ten Years Ago

### —In the Hatchet

• "STANLEY IN AFRICA" was the subject of the second of the Student Radio Programs. Harold Weinberger had been picked to direct the second of Cue and Curtin's productions.

Dr. Carl D. Wells, former professor at the University of Southern California, was to fill the vacancy caused by the death of Dr. Dudley Willard.

Jim Haley, editor of the Hatchet, had been elected president of Pi Delta Epsilon.

Dr. Jorg Gamow, eminent Russian physicist, was to be a visiting professor at the University during the winter term.

Hatchet editorials were calling for a new gym to replace the one that is still there.

Engineers' Ball was to be held at the Shoreham. Special music was to be provided by the combined Glee Clubs.

Dr. Theobald Smith, former faculty member, had expired of a heart attack.

Colonial basketballers had defeated C.C.N.Y. 43 to 32, and Elon 36 to 33. Ben Goldfaden was leading in individual scoring with 79 points. Jim Howell and Hal Kiesel were running a close second with 77 points each.

University rifle team was to open its schedule against Western Maryland on February 9.

Chi O was the Intramural ping pong champion after defeating Sigma Kappa 6-4, 2-6, 8-6.

Interfraternity Pledge Prom, held at the Kennedy-Warren, was a huge success. Everyone enjoyed themselves, and a profit of 20 whole dollars was made!

"Why, yes, that's just the name of a city," said her mother.

## Intramural Basketball Commences

### Sigs, Pharmacists, Navy Take First Opening Games

• THE 1945 INTRAMURAL Basketball season opened with a bang on Thursday and Friday of last week with three of four scheduled games being played.

The first game, which was a rough-tough, free-for-all, saw Sigma Chi nose out the Veterans by the score of 15-13. Mediocre offensive strategy and good defensive playing kept either team from running up a high score. The referee, on the other hand, had a field day and called 25 fouls before the game ended.

Playing spirited ball, Chuck Maloy scored nine of his team's 15 points to capture high-scoring honors.

In the second tilt, Phi Alpha was defeated 31-22 by the highly-touted Pharmacist five. At the close of a somewhat cool first half, in which neither team got far in front, Phi Alpha led 14-12. In the second half, however, Pharmacy's big guns found the range and forged ahead to win. Joe Giovacchini led the scoring for the Pharmacists with 13 points, while George Kruger of the losers hung up 10.

Friday night's single game was an unequal tilt between the Navy Medical Juniors and S. A. E. Experience and good organization accounted for the Navy win over the Sig Alphas. Miller, an ex-University player starred for the Sawbones, scoring 13 points, while Logsdon rang up 9 for his five.

The Navy Medical School Seniors won on a forfeit from the Navy Juniors.
